This tuition-free online public school, in partnership with the CAM Community School District, is gearing up to welcome new students from across the state. With a focus on providing a comprehensive virtual education experience, Iowa Connections Academy prides itself on offering a dynamic learning environment for students in grades K-12.Empowering Students for SuccessAt the heart of Iowa Connections Academy is a dedication to empowering students to reach their full potential. Led by a team of state-certified educators who specialize in virtual education, the school offers a rigorous curriculum that is complemented by personalized instruction. This unique approach aims to inspire students to take control of their learning journey and explore their interests and passions.The 2025-26 academic year will see the continuation of the College and Early Career Readiness program, now in its second year. This program goes beyond traditional academic subjects and incorporates career-focused options such as IT, business, health sciences, and marketing. By providing students with essential skills like leadership, critical thinking, and teamwork, Iowa Connections Academy aims to prepare them for a successful future.Larry Hunt, school leader of Iowa Connections Academy, expressed his enthusiasm for the upcoming school year, stating, "We are thrilled to welcome new students and families to Iowa Connections Academy. Our dedicated teachers and staff have created a supportive, student-first environment that is tailored to meet the unique needs of each student. With our expanded college and early career-readiness program, we are confident that the 2025-26 school year will be a great success!"Preparing Future Business LeadersIn a bid to further empower students for their future careers, Iowa Connections Academy has recently launched a chapter of the Future Business Leaders of America (FBLA). This initiative, as part of the world's largest business and technical student organization, offers students opportunities to participate in national competitions and conferences, enhancing their leadership skills and career readiness. The school's existing CTE and Industry Recognized Certification (IRC) courses also play a crucial role in equipping students with credentials that are valued by employers.The school's commitment to providing a supportive learning environment is evident in its inclusive approach to education. Iowa Connections Academy caters to students from diverse backgrounds and educational experiences, including those who excel academically and those who face challenges such as health issues or bullying. By offering a flexible, home-based learning model, the school ensures that every student has a customized pathway to success.Enrollment for the 2025-26 school year is now open for grades K-12. Families who are interested in exploring the virtual school option are encouraged to attend one of the upcoming online information sessions. These sessions provide a glimpse into the unique learning environment offered by Iowa Connections Academy and help families determine if it is the right fit for their students. Deciding which school is best for your child is a big decision, and you probably have lots of questions. Explore those most commonly asked, and feel free to reach out if you have more! Go To FAQs Created by experts in online learning, our curriculum helps students become resilient and confident learners, capable of thriving in a changing world. Because you and your student's teachers can closely follow their progress, you'll be able to make sure your child is thriving, and act quickly if they struggle. Our Iowa online school program offers a high level of individualized attention, which helps students stay on the right track and get the extra support they need, when they need it. Explore Our Curriculum We at Iowa Connections Academy are committed to providing a high-quality education that is personalized to meet a student's individual needs. This level of personalization is not commonly available in traditional public bricks-and-mortar schools. Using our accessible technology, we connect parents, teachers, and students from home or anywhere there is Internet service. Additionally, families benefit from unique flexibility in creating their schedule, something that typically isn't possible in a traditional setting. Parents are also able to control their student's learning environment, ensuring a safe and stimulating atmosphere. In our online learning portal, current students will find coursework and lessons, Learning Coach resources, instructions for completing re-enrollment, and more. About Our School Here for You, Every Day Teachers, staff, and counselors support each and every student throughout their educational journey. Whatever a student needs to keep moving forward, the Iowa Connections Academy staff are here to lend a hand. And a smile. Meet our Staff Tuition-Free Education for Students in Grades K-12 If you're an Iowa resident, your child can attend our online public school for free. The only costs for families are school supplies and optional field trips. What's Included Setting the Pace for the Learning Journey Every year, we design our school calendar to fit the lives of our students and their families, providing a great balance between school days and holidays. View Calendar Telling Our Stories and Celebrating Success With so many Iowa Connections Academy students, graduates, teachers and staff making a difference, there's often news to share. See what our community is up to. Visit Newsroom We'd Love to Chat We believe that no two educational journeys should be the same. Reach out to discuss your student's specific needs, interests, and passions—and see how Connections Academy can help them reach their full potential. Reach Out Now High-ability middle school students benefit from an accelerated learning pace, specially trained teachers, and an enriched curriculum. The online program is designed specifically for gifted and talented middle school students to help them learn to think critically, communicate effectively, develop reasoning and problem-solving skills, and actively pursue education on their own terms. Because middle school students experience a wide range of growth rates in cognitive, physical, social, and emotional development, gifted and talented teachers customize virtual lessons to make each student's educational path a uniquely tailored one. Exceptional middle school students also have the opportunity to work above grade level and thrive. Socialization is an essential part of any education experience, helping students gain confidence, foster empathy, and develop social skills that they will need long into adulthood. Connecting with other students at school and in the local community is a big part of what makes Iowa Connections Academy so enriching. Children from all over the state, including from West Des Moines, Iowa City, North Liberty, and Council Bluffs, love all the opportunities they have to make new friends and explore their passions. In addition to meeting with their fellow students in LiveLesson® sessions and collaborating with them on school projects, your child can join many other extracurricular activities, including virtual clubs and activities designed to connect with their peers while pursuing their interests, as well as optional, in-person field trips. Many students also find that our flexible schedule gives them the opportunity to play sports, pursue art, volunteer or do anything else they enjoy in their community. In our online learning portal, current students will find coursework and lessons, Learning Coach resources, instructions for completing re-enrollment, and more. Log In Here for You, Wherever You Are Why is online school better for many Iowa families? Because we make it possible for students to pursue the educational path that's best for them and their families. See What to Expect Students' Day in the Life Online schooling gives you and your child more flexibility in the school day and lets you put together a schedule that's best for your family. View Sample Schedules Why Families Are Choosing Online Public School There are many reasons students and their families come to us, from needing more flexibility in the school day to wanting a safe learning environment. But everyone who chooses us is looking for the same thing: A better way to learn. We're glad we can be here. Read their Stories Help Your Child Reach Their Goals No one understands your child better than you do. At Iowa Connections Academy, we give your child the opportunities they need to thrive—and empower you to be part of the journey as their Learning Coach. Becoming a Learning Coach Making Online Public School Work Whether your child attends our online elementary school, middle school or high school, they won't just learn online. They'll learn in a way that works best for them and build the responsibility, resilience and adaptability they need for a changing world. Explore Our Classrooms A Community of Learners and Dreamers Students at Iowa Connections Academy collaborate on projects together, participate in virtual clubs for students and can even join in-person field trips. It's a community our students love. How We Connect Students Connections Academy offers core courses in language arts/English, mathematics, science, and social studies. The curriculum also includes art, physical education, music, home life, world languages, technology literacy, and other enrichment courses. At many schools, gifted and talented, honors, and Advanced Placement®\* courses are available for students who qualify. Course offerings vary by state and grade level. \* AP® and Advanced Placement® are registered trademarks of the College Board. Used with permission.
